6	WildArtist: Stef FridaelStef Fridael's art is inspired by human instinct: fear, lust, safety, abuse, courage, power, prestige and status. All this displayed in a context of twisted images dictated by TV, the Internet and other media. With this inspiration, Stef's wanted to create a discussion and a ...[more]
7	ColourArtist: Clemens BrielsClemens has used 'antipodism', images from unknown sources, as part of the design for Colour. With a feeling for contrasts, he transforms daily themes into bold and different but pleasantly accessible images, colourful, with obvious Latin American influences. The figures ...[more]
8	LoveArtist: Danielle RobothamLove and nature, both are things that surround us. However, nature is often overlooked and overshadowed by the cathedrals we have created. Danielle Robotham's design is inspired by what we may take for granted in our preoccupied lives. This design aims to capture the ima ...[more]
